

Laura Smith, BA, MHP

Family Care Coordinator

Education and Certification

Bachelor's degree Western Illinois University

Specialization

Family Care Coordination

Recovery Support

Youth Mental Health First Aid trainer

My Treatment Philosophy

I believe bringing resources and services to clients in the community will assist in making the best decisions for their care.

A little bit about me...

I enjoy time with family/friends and I am community-minded. I've baked over a thousand apple pies and I donate blood to the Red Cross whenever possible.
