My Treatment Philosophy

I always take a trauma informed stance to treatment. I want clients to feel comfortable sharing and growing from their counseling experience. I believe in the complete assessment and treatment planning as the foundation of assisting the client's to choose the services that best fit their need.

A little bit about me...

I love the outdoors. I like baseball, volleyball, football. and all sports. I like playing board games with my grandchildren, camping and swimming. I love watching the Hallmark Channel and Movies, but the Christmas movies are my favorite.
