

Malea O'Connor

Recovery Support Specialist

Education and Certification

Ottawa High School Graduate.

Specialization

Peer support.

My Treatment Philosophy

I like a straightforward, open, and honest conversation with clients. I like to set goals with clients and help them work towards reaching and exceeding the goals that they set. I like to be there to provide support and reassurance when needed.

A little bit about me...

I have 3 daughters. I love the outdoors, whether it be kayaking, gardening, swimming, playing with my dogs and kids, relaxing on my deck or working in my garage on my building projects.
