Recovery Support Specialist

Education and Certification

Certified Nursing Assistant

My Treatment Philosophy

I would want my clients to understand that I have my own lived experience, and they are not alone. I want them to feel heard, and understood, and know that they matter.

A little bit about me...

I love to be out in nature. I am discovering new things that I enjoy. I just kayaked for the first time this past summer and love it! My favorite, most serene place to be is by the water.
