

Melanie Hazelwood

BSN, RN, QMHP

Psychiatric Nurse

Education and Certification

Bachelor's in Nursing from Grand Canyon University, Associates in Nursing from Kishwaukee College.

My Treatment Philosophy

I like to look at treatment as client-centered. We will look at factors such as friends, family, job, and health status to round your treatment to what is best for you in this season of life.

A little bit about me...

You will find me on the river every weekend in the summer on my boat or jet ski. I love to read, fish and be in nature.
