CST Clinician

---

### **Education and Certification**

Bachelors of Science from Western Illinois University.

### **My Treatment Philosophy**

My therapeutic approach is person-centered. No one knows anyone better than the client themselves. I like to focus on clients strengths, and how I can help them get to where they want to me.

### **A little bit about me...**

I am huge lover of all things Summer and Fall. In my free time and when weather allows, you can find me lounging on my families boat on the lake, or snuggling up with my dog, Lucy and watching a good movie.
