

Taylor Bastian, MHP

CST Clinician

Education and Certification

Associates degree in Psychology, Highland Community College, Bachelor's of Science in Human Development and Family Sciences (Emphasis in Family Social Services) from Northern Illinois University.

My Treatment Philosophy

I am a trauma-informed clinician that understands how different identities affect a person's life. My goal as a provider is to validate a person's experiences and encourage small changes that make a big impact on a person's quality of life.

A little bit about me...

I love singing, acting, cooking, and writing.
