**CST Recovery Support Specialist**

---

### **Education and Certification**

I graduated from Owensboro High School and plan on furthering my education in the near future.

### **My Treatment Philosophy**

My approach to providing services is to help the individual to feel comfortable and help them feel that they may be themselves. I work with the client to provide the most effective care that I can. If they enjoy fishing, walking, going to the YMCA or maybe its to sit down and read a book together: I am here for the individual to meet them where they are.

### **A little bit about me...**

I have a few hobbies. I enjoy writing, cooking for events, and acting on stage.
