

Amanda VanDover
MS, LCPC
Area Office Manager

Education and Certification

Bachelor of Arts in Psychology from Ashford University and Masters in Clinical/Community Mental Health from Western Illinois University.

Specialization

I like to work with all types of clients.

How I approach therapy:

I believe therapy is a collaborative process and I see the client as the expert. My role as the therapist is not to give you all the answers, it is to help you find your own answers.

A little bit about me...

I enjoy reading books of varying genres, playing video games (my favorites are the Tomb Raider and Bioshock series), and occasionally do yoga. I also really enjoy coffee and sitting and talking with friends for hours in a good coffee shop.
