

Drayton Nill

Recovery Support Specialist

Education and Certification

Graduated from Southern Illinois University's Certified Recovery Support Specialist training program.

My Treatment Philosophy

I believe in open and honest communication and being as compassionate as possible in a professional role and to never give up on someone or yourself because we all have the power to be our best self and the capability to share that knowledge. I have been in active recovery for 6 years and I use my lived experience to help others.

A little bit about me...

I moved to Illinois to raise my youngest daughter with my wife of 15 years. I am a proud father of 2 amazing, smart, funny, beautiful daughters who are 19 years apart but very much sisters! I grew up in a family furniture business and have always worked hard to provide for my family and bring passion and work ethic to this job. I feel very blessed to have this opportunity and will make my family proud because they know my life's goal is to make the world a better place.
