

Tara Rogers

ADT Care Coordinator

Experience & Qualifications

I have many years experience with care coordination in long-term care and behavioral healthcare settings.

My Treatment Philosophy

Working together to reach a person's goals and creating open lines of communication so the person feels safe and gets the resources they need.

A little bit about me...

I grew up in north central Iowa and moved to Illinois in 2018. My family means the world to me and I love spending my free time with my five kids, my husband, my four grandchildren, and my two dogs. I also enjoy attending sporting events, reading, and helping with the cattle on our farm.
