

Tyler Inghram, MS, LPC

Behavioral Health Clinician

Education and Certification

Bachelor of Science in Psychology & Master of Science in Psychology from Western Illinois University.

Specialization

Individual Counseling for Adolescents and Adults with an expressed interest in grief-based work.

My Treatment Philosophy

I work to establish a collaborative relationship with my clients as the sessions are meant to help them find answers themselves. Everyone always has choice.

A little bit about me...

In my free time, I express interests in a variety of hobbies including music, art, and video games. I am always excited to exchange suggestions for new music.
