

Kolton Kramer

Care Coordinator

Education and Certification

Associate of Arts from Highland Community College and Bachelor of Science from University of Wisconsin—Platteville.

My Treatment Philosophy

The journey of a thousand miles begins with one step. I enjoy helping others along that journey and providing them with the knowledge and resources they need to get them to their destination.

A little bit about me...

My family means everything to me. I also enjoy sports, the outdoors, and videogames. My primary hobbies are archery and fishing.
