My Treatment Philosophy

My perspective on wellness and recovery is set in the belief that every individual's personal situation or struggle is of equal validity. I aim to provide comfort, advocacy, and a genuine connection to the community I serve.

A little bit about me...

I am not one to simply take interest in hobbies or activities; rather, I am one to develop obsessions with an extensive variety of the things I enjoy. First and foremost, my wife and 5 kids, plus a grandbaby! They are the absolute frontrunners in my obsession rankings. Followed closely by both creating and consuming music. I'm an avid Pickleballer and I love Chicago Bears football, Boston Celtics basketball, and Milwaukee Brewers baseball. I also have 2 dogs and a cat, of which I'm very fond. I do well to occupy my time and enjoy the privilege to do so!
