Education and Certification

I have a Bachelor's Degree in Human Services from Columbia College of Missouri and two master's degrees: Social Work (MSW) and Business (MBA), both from Aurora University.

My Treatment Philosophy

My approach to therapy is a collaborative, client centered approach. I provide a space to be heard. My clients are the experts, and my role is to help them determine their goals and how to reach them.

A little bit about me...

I like spending time with my family, enjoy being at home, and doing projects around the house.
