

Nichole Hammer-Crown

BA, MHP

Behavioral Health Clinician

Education and Certification

Pending Master's degree in Clinical Mental Health Counseling from Walden University and Bachelor of Arts in Psychology - Mental Health from Southern New Hampshire University.

My Treatment Philosophy

I focus more on a client-centered approach for my treatment philosophy. It is important to me that my clients know my office is a safe space for them. My main focus is the wellbeing of my clients. I am able to change my approach based on the client's needs.

A little bit about me...

I love camping, hiking, reading, gardening, and being with family.
