

Shawana Martin

CST Clinician

Education and Certification

Masters in Organizational Management and Bachelor of Social Science degrees from Ashford University; Associate of Arts from Heartland Community College.

My Treatment Philosophy

After working with customers, families, and students, I know I am not the expert. My position is to get to know who I am helping. It is to allow my empathy to meet their concerns and partner with them in their healing. It is to stay in the position of a student and walk in integrity. Our actions speak much louder than our words.

A little bit about me...

I love nature and beautiful things. I love spending time with family and friends. I love outings, local and abroad. One of our favorite places to go is Wisconsin Dells. You can catch me walking early in the morning during the warm months. I love walking. There is a song for every facet of life in my world! I love to read self help books.
