CST Recovery Support Specialist

Education and Certification

Currently working towards my Certified Recovery Support Specialist certification.

My Treatment Philosophy

I stand on the “meet them where they are at” technique. I fully understand not everyday is a good day, and that gaining trust from my clients is one of the biggest things there is.

A little bit about me...

In my spare time I enjoy fishing a lot, rain/snow, nothing stops me from fishing. I also enjoy spending time with my 4 year old daughter, the pride and joy of my life. Outside of that I don't do much, hangout with the family and friends, pretty laid back.
