

Ryan Miller

Veteran Services Coordinator

Education and Certification

I graduated from Oregon High School in 2014.

Specialization

Community Based Individual and Group Services, Veterans Coordination Services and community engagement.

My Treatment Philosophy

I believe in client centered rapport building in order to help clients feel comfortable and supported. I hold space for clients to feel safe being open and honest. I believe effective communication can help clients as well both with their interpersonal relationships and social interactions. I want clients to feel heard and to know they are the author of their story.

A little bit about me

Being a father means the world to me. I also enjoy fishing and am a founding member of a local fishing team.
