

# **Tiniya Dixon, MSW, LCSW**

## **CST Supervisor**

---

### **Education and Certification**

I received my Bachelor of Science in Criminal Justice with minor in Religious Studies from Rockford University and my Masters in Social Work with concentration in Child Welfare and Forensics from Aurora University.

### **Specialization**

I enjoy working with children and young adults who may struggle with anxiety, depression, self-esteem, life transitions, and struggles with interpersonal relationships.

### **My Treatment Philosophy**

I believe in a very person-centered approach, as there is no “cookie cutter” way of working with everyone. Through collaboration with the individual, I aim to work on accomplishing identified goals to leave each individual feeling empowered and seen.

### **A little bit about me...**

I enjoy traveling and learning about different cultures. I love painting and spending time baking.
