

Jeremy Morehead, BS, MHP

SUPR Clinician

Education and Certification

Graduated from the University of Dubuque in 2019 with a Bachelors Degree in Psychology.

My Treatment Philosophy

I believe that everybody deserves their own unique, individualized treatment experience that contributes to a lifetime of positivity, prosperity, and hopefulness. I believe providing a safe and welcoming environment allows clients to identify and work towards those goals.

A little bit about me...

I enjoy basically anything that involves sports! Fishing, softball, basketball, running, and playing video games are my go-to's if I'm not spending time with my family.
