

Jessica Pease, MS, MHP

Behavioral Health Intern

Education and Certification

Master of Clinical Mental Health Counseling (in progress) and Master of Forensic Psychology, both from Walden University. Bachelor of Psychology from Ashford University: Minor in Social & Criminal Justice.

Specialization

Forensic counseling, social and criminal justice, marriage, family, and couples, domestic violence, past/present trauma, and management for offending behaviors.

My Treatment Philosophy

I am a quirky, fun, and spontaneous therapist using integrative approaches to therapy; client-centered, trauma-informed, psychodynamic, cognitive behavioral, & impactful in nature.

A little bit about me...

My obsessions include the TV show Shameless, nature, traveling, and also doing absolutely nothing. I like to shoot pool, visit antique shops, thrift, and hit a comedy club if I can. I am an animal lover and a music lover. I prefer solitude or small social gatherings.
