My Treatment Philosophy

My treatment Philosophy is to make my clients feel heard. I want them to understand that the past does not define them or their future. That with the right tools and therapy they can be prosperous on their road to recovery!

A little bit about me...

I love sports! I played Volleyball and Softball all through high school and then played Volleyball all four years in college. In my spare time I enjoy reading, being outdoors, traveling, and having fun jam sessions in my car! I have the CUTEST pup named Fonzie, and the most wonderful and supportive Fiancé!
