

Kishla Jones, MHP

Recovery Support Supervisor

Education and Certification

Certified Nursing Assistant (CNA), Rock Valley College

Specialization

I specialize in supporting individuals who are experiencing substance abuse challenges and mental health conditions. I am passionate about helping people navigate their unique journeys and overcome obstacles so they can live more fulfilling lives.

My Treatment Philosophy

My philosophy is to be a “shining star” for those in need — someone who provides guidance, support, and hope during difficult times. I believe that everyone deserves a safe space to heal and grow, and I strive to create a welcoming, compassionate environment for all my clients.

A little bit about me...

When I’m not working, I enjoy spending time with my family, listening to music, and traveling to new places. I also like to joke that I argue with myself from time to time — it keeps me grounded and reminds me to stay humble and human. Also, helps me remember my purpose in life.
