## **Recovery Support Specialist**

---

### **Education and Certification**

I attended Newman Catholic School and later enrolled at Aurora University, where I received my Bachelor's Degree.

### **Specialization**

Adults and children.

### **My Treatment Philosophy**

As a Recovery Support Specialist, I believe that every individual has the inherent capacity for growth, healing, and self-determination. Recovery is not a one-size-fits-all process, but a deeply personal journey shaped by each person's values, strengths, culture, and lived experiences. My role is to walk alongside individuals, offering support, encouragements, and hope, while honoring their right to define recovery for themselves.

### **A little bit about me...**

I like to travel and play dinosaurs with my son. We love to go on walks and spend time outdoors. I love Christmas movies... specifically the newer Grinch movie :)
