

Rachel Padilla, LPN, MHP

Primary Care Nurse

Education and Certification

Licensed Practical Nurse Certification from Sauk Valley Community College in 2021.

My Treatment Philosophy

As Sinnissippi's Primary Care Nurse, I strongly believe in creating a safe and supportive space for clients in order for them to feel comfortable collaborating with the Primary Care team to get their health on track.

A little bit about me...

I love simple days at home relaxing and spending time with my significant other and our 4 children. In my free time I enjoy reading and catching up on movies and TV shows. Being able to help others feel their best is important to me and one of the many reasons why I love being a nurse.
