### **Adolescent SUPR Clinician**

---

#### **Education and Certification**

Currently obtaining my Master's of Clinical Mental Health Counseling at Adams State University. Bachelor's degree in Criminal Justice from the University of New Haven.

#### **My Treatment Philosophy**

I believe in the power of growth and transformation, no matter where we come from or what we've been through. My approach is person-centered, meaning that I see each individual as the expert of their own life. I'm committed to creating a safe, supportive space where you can explore your experiences, unlock your potential, and make lasting changes. With the right guidance and support, I believe anyone can move forward and achieve the healing and growth they seek.

#### **A little bit about me...**

I can be quite the homebody! I love spending time at home with my husband and animals, playing video games, reading, or watching movies. I do love a good hike from time to time as well.
