

Emily Fisher, MHP

Behavioral Health Intern

Education and Certification

I'll be graduating with my Master's in clinical mental health counseling in May 2026 and I have my Bachelor's in Psychology from Ball State University.

My Treatment Philosophy

My approach tends to be person-centered, but I also utilize other theories like CBT and ACT. I believe in a collaborative approach because the client will always be their own expert.

A little bit about me...

I enjoy reading and playing video games as well as spending time with my friends, family, and two cats.
