

Theophilus Junior Yankey

MPH, MHP

Psych Coordinator

Education and Certification

Master of Public Health degree from Western Illinois University, Bachelors in Physician Assistant Studies from University of Cape Coast, Ghana, Western Illinois Regional Council (WIRC) certified Victim Services Advocate/Counselor, NREMT certified Emergency Medical Technician.

My Treatment Philosophy

“There is hope, even when your brain tells you there isn’t” – John Green. This belief guides my treatment philosophy as a Psych Coordinator. Grounded in empathy, I strive to restore hope by empowering clients, promoting holistic healing, and ensuring evidence-based mental health support for lasting recovery.

A little bit about me...

I love playing and watching soccer and table tennis games. I also enjoy watching brain-teasing movies.
