

Melanie Marrandino LSW, QMHP Behavioral Health Clinician

Education and Certification

Bachelor of Psychology from Eastern Illinois University and Master of Social Work from Aurora University.

Specialization

Children and adolescents who live with anxiety, depression, ADHD, autism spectrum, difficulty adjusting to transitions in life, traumatic experiences, and those living with disabilities.

My Treatment Philosophy

I will support your healing journey as we discover what therapeutic approaches work best for you. I will empower you as we build an effective toolkit to help discover transformation in your life. Together we will find functional coping strategies to foster an environment of growth.

A little bit about me...

I enjoy being out in nature, gardening, reading, cooking, and spending time with my nieces and nephews. My dog and I love to go on an adventure.
